POLICY
on energy efficiency

Moscow
2020

1. GENERAL TERMS

1.1. This policy has been developed for implementation at the Moscow State University of Food Production (hereinafter - MSUFP, the University).

1.2. MSUFP makes a commitment to reduce the energy consumption of the university buildings.

1.3. The University has developed a set of measures aimed at energy efficiency.

2. SET OF MEASURES

2.1. In order to solve the problem of energy saving, the University undertakes to:

2.1.1. conduct an energy audit to identify heat losses at the University and vulnerabilities to be addressed;

2.1.2. promote education in energy and resource efficiency;

2.1.3. reduce energy consumption in the operation of university equipment.

2.1.4. develop energy- and resource-efficient behaviour among university staff and students;

2.1.5. replace incandescent lamps with modern energy-saving lamps;

2.1.6. use a light covering for the walls;

2.1.7. use motion and presence sensors.

2.2. The University takes significant steps to address energy and resource conservation.

2.3. The ultimate goal of MSUFP in energy and resource efficiency policies is to reduce production and utility costs.
